

The 2019 Ethiopian Collegiate Programming Contest

Problem I Registration

Time Limit: 1 Second

Print out your team's DOMJudge account ID and password.

Input

No input is given for this problem.

Output

Your program is to write to standard output. Print exactly two lines. The first line should contain your DOMJudge account ID, and the second line should contain your DOMJudge account password.

The following shows sample input and output, where the account ID is `team123` and the password is `passw0rd`. Notice that no input is given.

Sample Input	Output for the Sample Input
	team123 passw0rd
